Jesus is recognized.

In this land, He is recognized as a healer.

And in this place, His touch is not even required... just a tassel... pieces of string, loose ends that come from his clothes, his cloak. Just a piece of string from Jesus will bring healing.

Is there something in your life today that you wish to bring to Jesus that needs healing? Everyone has something... something broken, something not right, something sad, something sick. Everyone has something... some loose end not complete.

Well, put it on Jesus' tassel, after all, a tassel is just that – a string... a loose end. Whatever you need healed touch it to Jesus' tassel, tie it up there.

And recognize Him, even more so, as the healer of your life.
