

# Lent

## memento mori ✠ remember death

**MEMENTO MORI** paintings were especially popular in the Renaissance and Baroque period, serving as a reminder to the faithful that God has set a limit to this present life, so as to open up an entry into eternity. As we are signed with ashes, part of our Lenten journey invites us to consider the vanity of earthly life and the transient nature of all earthly goods and pursuits. This exercise of reflecting upon our mortality is not meant to leave us severely haunted or uncomfortable, but rather, better fuel us to take seriously the time and opportunities given throughout this season of Lent, and indeed, throughout our lives.
