

A Message from our Board:

Do you have a resolution for the New Year? PTU does! Our goal is to continue to enhance our offerings as an organization. The board is working hard behind the scenes to make adjustments to existing events, adding new events and partnering with new companies in our community for additional resources. We have a number of amazing events between now and May to bring our community together and we hope that you join us!

We are thankful for all of the parents who volunteer their time and talents to help make the events happen, without you, it wouldn't be possible. We are equally as thankful for all of the families who continuously support the events we put so much energy into for the students at SBS.

On behalf of the Board, we wish you and your families a prosperous New Year!

Joining PTU:

Interested in joining PTU, learning more about a position or volunteering for a specific event? PTU always needs volunteers, in all capacities, to provide successful events for the kids. Our goal is to have 100% of our families support our PTU by becoming members.
